

**NEXOGENESIS**  
STREAMLINING WATER RELATED POLICIES

# Facilitating process towards the design and adoption of a (transboundary) stakeholder agreement for integrated management of the Lielupe River Basin resources at various levels

6th February 2024

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101003881.

# Agenda

---

- Stakeholder agreement- What is it and how do we get there?
- Recap of work done so far in Nexogenesis
- Governance roadmap
- Discussion

# Stakeholder agreement – Key elements

 Equal representation of relevant stakeholders (Sectors, Gender, Levels etc.)

 Clearly defined aim of the stakeholder agreement

 Action list

 Level of commitment (legally binding, declaration of intention, memorandum of understanding, hand shake on a video, etc.)

 Clear responsibilities, roles and coordination

 Clearly allocated resources (financial, human etc.)

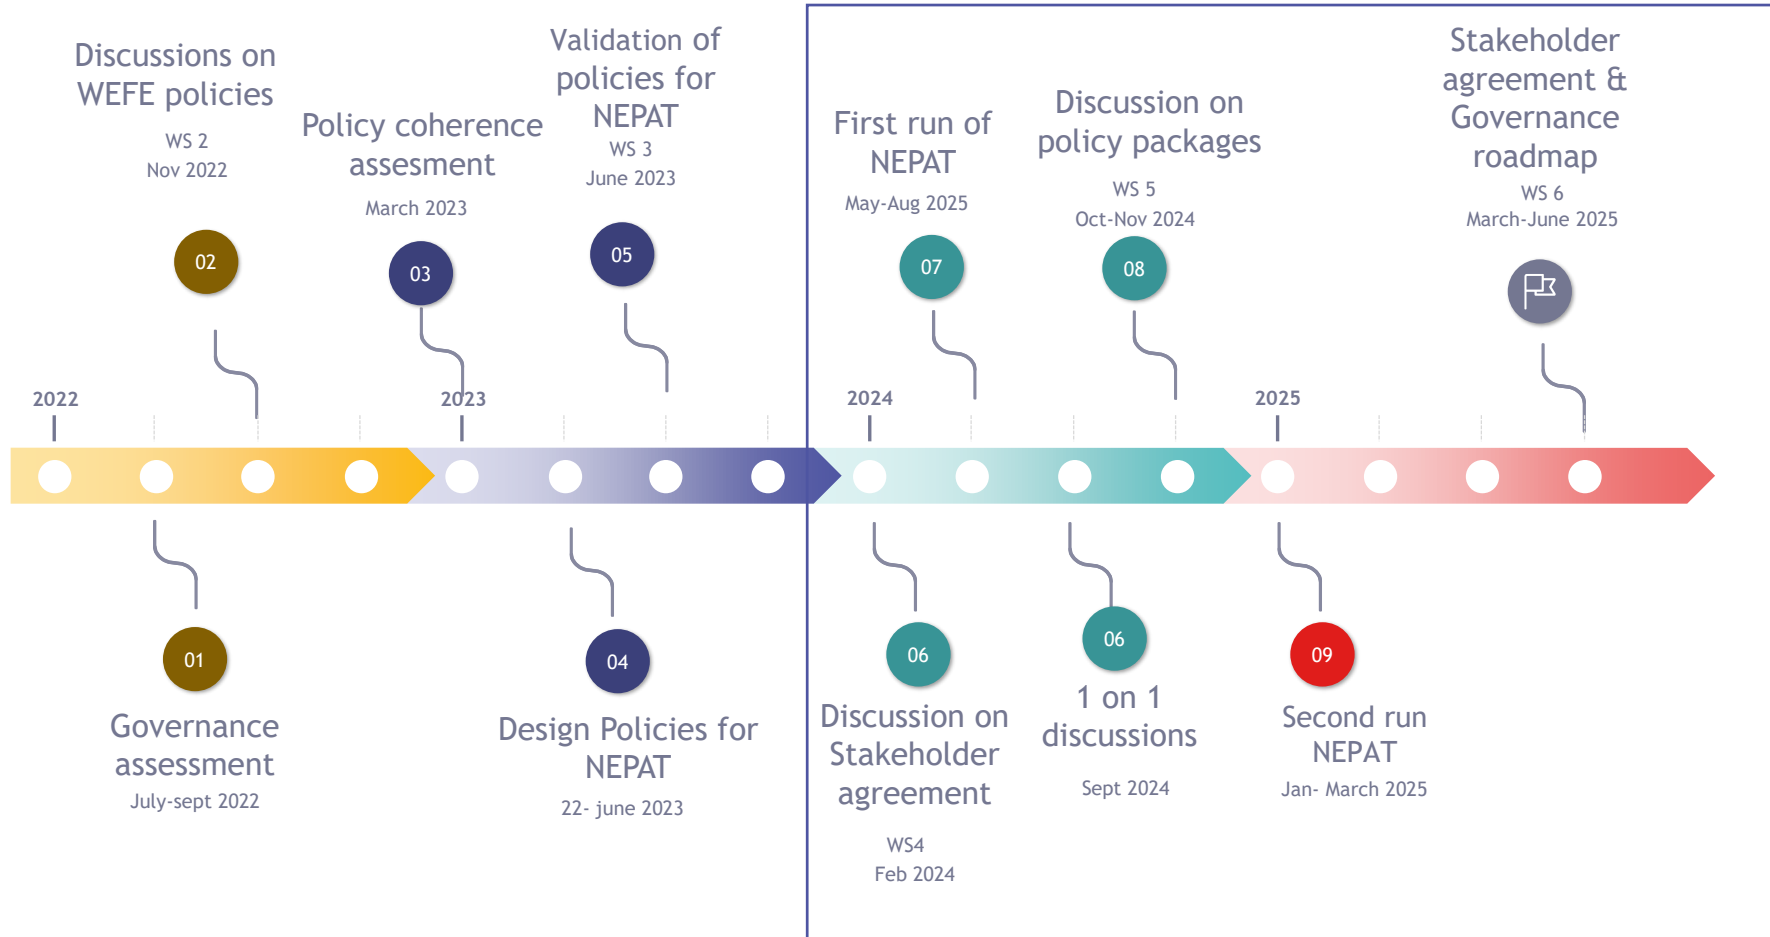

Example:  
Lielupe  
festival to  
clean up the  
river

# How do we reach a stakeholder agreement?

# Timeline to Stakeholder agreement

# Governance roadmap

**Governance roadmap for the implementation of the SH agreement action plan** is a document illustrating the actions and tasks per each involved stakeholder, including roles, responsibilities, financial instruments for governing and monitoring the implementation of the action plan.

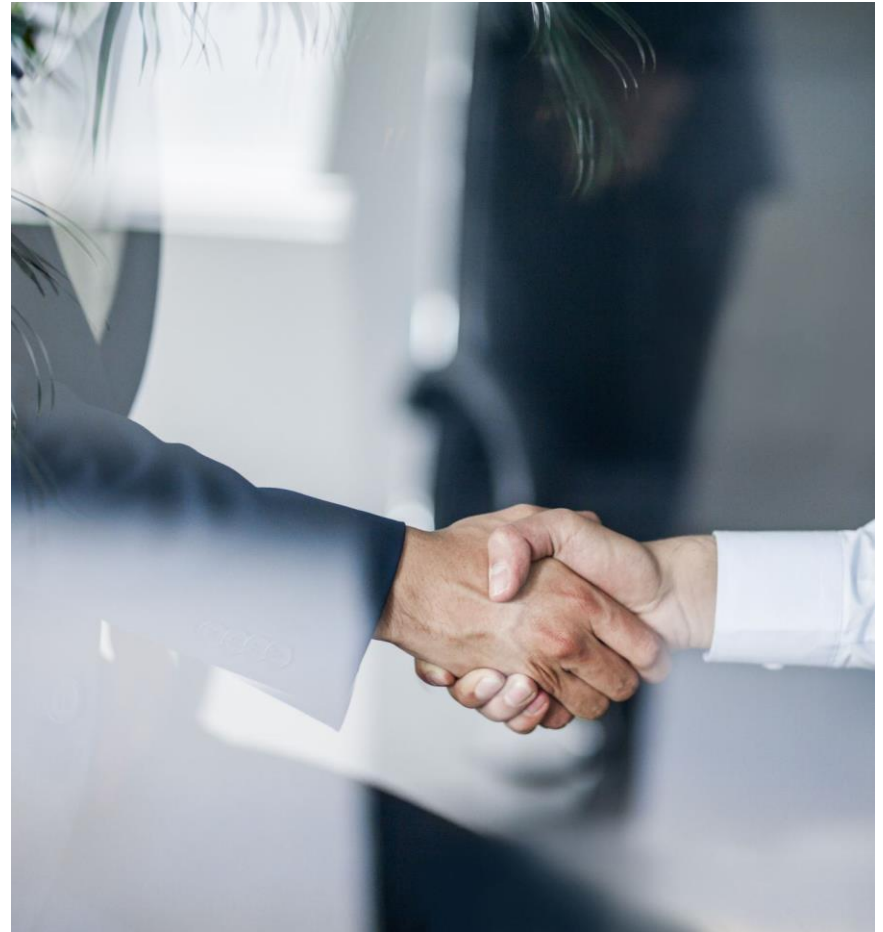

In other words, it is a timeline indicating the actions, persons, financial instruments needed to implement the stakeholder agreement and when to intervene

- CS +WP1 will design the governance roadmap based on the validated policies.

# Validation governance roadmap & Stakeholder agreement

- At workshop 6:
- Validation of governance roadmap with SH
- Validation of the stakeholder agreement
